PROJECTS

Responsive Website Independent PROJECT

Frontend Website, April 2022- April 2022

- Diagnosed and implemented HTML strategically to layout the website and the content.
- Applied CSS skills to create a visually immersive user experience for users.
- Added responsive scalability to make the experience user-friendly for mobile and computer users.
- Diagnosed errors in code ensuring a streamlined, smooth experience for users.

UNIVERSITY AT BUFFALO, ORACLE SQL PROJECT

Car Dealership Database, December 2021-December/2021

- Involved in the full development cycle of planning, Analysis, Design, development, testing, and implementation.
- Fine-tuned SQL queries for maximum efficiency and preventing GIGO in the database.
- Created custom reports and forms with information regarding inventory and pricing for the dealership.
- Diagnosed issues in the code to ensure smooth operation of the database.

UNIVERSITY AT BUFFALO, MICROSOFT ACCESS PROJECT

Landscaping Database, May/2021-May/2021

- Collaborated with 4 team members to develop an Entity relationship diagram to plan relationships that will be present in the database.
- Conceptualized and implemented with team members to successfully develop, and assign the correct relationship to each entity in the database.
- Defined the periodic extraction and performed formatting of data from multiple sources and laid out basic queries and reports required by the customer.
- Created an MS Access database to collect data systems in order to provide lists of services, status reports, and appointment reports of customers.

EXPERIENCE

UNIVERSITY AT BUFFALO LAW LIBRARY, Buffalo, NY

Printer Technician, October/2018-May/2019

- Communicated effectively with co-workers through different methods of communication to facilitate daily work plans.
- Innovated and worked together with 5 co-workers to solve complex technology-related issues.
- Resolved customer printing service issues by clarifying customer complaints determining the problem and providing the best resolution for the issue.
- Excelled in working closely with 10 professors in need of assistance in solving technical issues.
